Respected sir,

1) I have attached the demo video for our project where the MERN stack application for the project "Employee Attrition and Decision Support Tool for Small and Medium Scale Enterprises(SMEs) is explained fully along with calculation logic, an overview of the coding part and the output where the project is executed as a web application.

Innovation Practices Laboratory - Demo video

2) I have attached the project folder as a zip file.

IP_EmployeeDecisionSupportTool.zip

3) I have attached a document which explains the working of the project(web application), calculation logic for the four scenarios, screenshots of the database and output.

4) I have attached the dataset folder where the average market salary data is stored.

The deadline for completing the full software Implementation of the project is Tuesday(19/03/2024).
